

EKATVA INTERNATIONAL SCHOOL

EKATVA CHRONICLES
JUNE EDITION

Nurturing young minds

FROM THE DIRECTOR'S DESK

There is something deeply reassuring about seeing a school come alive again after the summer break the corridors filling with familiar voices, children finding their friends, and classrooms slowly returning to their rhythm. June was not merely a reopening month; it was a month of reconnection. Our students returned with stories, excitement and fresh hopes, while our teachers welcomed them with patience, imagination and genuine affection. Every activity, celebration and achievement reflected the spirit with which this new academic year has begun. The month gave us many reasons to celebrate. Music and Yoga Day brought together rhythm, expression and inner balance, while Van Mahotsav encouraged our students to value trees and embrace their responsibility as custodians of nature. Father's Day created warm moments of togetherness for our Pre-Primary children and their fathers, and Doctor's Day engaged our young learners through an energetic quiz competition. We also take immense pride in the accomplishments of our students. Ekatva hosted the Shooting Ball selection trials, where our students earned selection for the district and state levels. Our Taekwondo participants further brought honour to the school by winning District-Level Gold and Silver medals, earning their place at the National Level. These achievements reflect discipline, perseverance and the encouragement of dedicated coaches and parents. June was equally significant for our teachers, who participated in professional development programs designed to deepen classroom engagement and strengthen teaching practices. I am grateful to our parents for their continued trust and to our teachers for making every child feel seen, supported and valued. As we move forward, may this year be filled with joyful learning, meaningful experiences, proud achievements and confident growth.

BACK TO SCHOOL

A JOYFUL RETURN TO SCHOOL

The school reopened after the summer vacation with excitement, warmth and renewed energy. Students received a cheerful welcome through innovative and engaging games that filled the campus with laughter and enthusiasm. The activities encouraged teamwork, curiosity and creative thinking, leaving the children pleasantly surprised and eager for more. A special letter-writing activity invited students to write heartfelt letters to their friends, helping them reconnect and express their feelings after the long break. Teachers joined the celebrations, interacted warmly with the students and shared joyful moments with them. The day began with blessings for a successful academic year and ended with happy faces, meaningful reflections and wonderful memories.

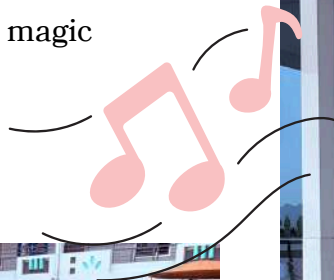

MUSIC & YOGA DAY

Harmony in Rhythm and Breath

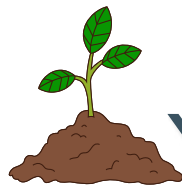

Music Day and Yoga Day came alive through a vibrant assembly that celebrated expression, energy and inner balance. A powerful mass yoga drill displayed coordination, discipline and strength, while a graceful sequence of yoga-inspired movements blended music with mindfulness. Lively musical performances filled the campus with rhythm and excitement. A special presentation of songs inspired by the Navrasas beautifully captured the nine human emotions, ranging from joy and courage to wonder and compassion. Each performance brought its own mood and colour, keeping the audience completely engaged. The celebration created an uplifting atmosphere where music stirred the emotions, yoga calmed the mind and every student experienced the magic of harmony.

ॐ नमो भगवते वासुदेवाय ॐ नमो भगवते वासुदेवाय ॐ नमो भगवते वासुदेवाय ॐ नमो भगवते वासुदेवाय ॐ नमो भगवते वासुदेवाय

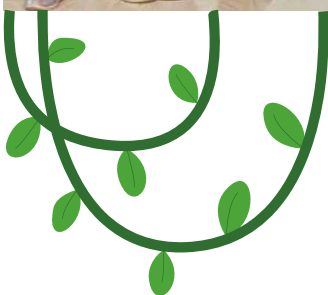

VANMAHOTSAV

July 1st

Van Mahotsav: Growing Guardians of Nature Van Mahotsav was celebrated with enthusiasm, inspiring students to understand the priceless role of trees in sustaining life and protecting the environment. The programme highlighted the importance of nature stewardship and encouraged every student to become a responsible guardian of the planet. An exciting quiz tested their awareness and kept the audience actively engaged. A creative role-play depicting the life cycle of a seed—from its quiet beginning beneath the soil to its transformation into a flourishing tree—made the learning experience vivid and memorable. The celebration was both illuminating and inspiring, reminding everyone that planting and protecting trees is not merely an activity, but a shared responsibility towards future generations.

FATHER'S DAY

Father's Day: Moments to Treasure Father's Day was celebrated with warmth, laughter and togetherness as the fathers of our Pre-Primary children joined them for a joyful day at school. Thoughtfully planned activities encouraged each father-child pair to participate, cooperate and enjoy precious moments together. For the children, it was a special opportunity to see their fathers in action—playing, creating and laughing alongside them and their school friends. The event beautifully strengthened the bond between fathers and children while creating memories beyond the classroom. More than a celebration, it was a gentle reminder that a father's time, presence and encouragement can become some of the most cherished moments in a child's growing years.

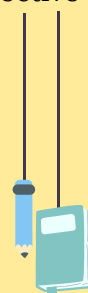

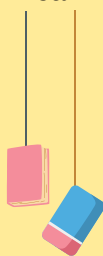

TEACHER MEETING ON COMPETENCY BASED LEARNING

Growing Together as Educators

June was a month of continuous learning and professional growth for our teachers. A series of thoughtfully designed development programmes encouraged them to reflect, collaborate and explore new approaches to teaching and learning. The sessions focused on strengthening classroom practices, improving student engagement, using effective assessment strategies and creating more inclusive learning experiences.

Teachers actively participated in discussions, activities and collaborative tasks, sharing ideas and learning from one another. These programmes reaffirmed the belief that when teachers continue to grow, students benefit the most. The month truly celebrated the dedication of our educators and their commitment to making every classroom more meaningful, responsive and inspiring.

DOCTOR'S DAY

July 1st

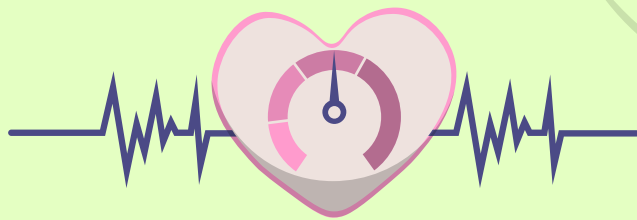

Doctor's Day: Celebrating Our Everyday Healers

Doctor's Day was celebrated with great enthusiasm by the students of the Foundational Level. A lively quiz competition between the Kindergarten and Grade 1 children added excitement and encouraged them to learn more about doctors, healthy habits and the importance of medical care. The young participants answered with confidence, cheered for their teams and enjoyed every moment of the friendly contest.

Through the activity, students developed respect and gratitude for doctors who care for the sick and work tirelessly to protect lives. The celebration was both informative and joyful, helping children understand that doctors are not only professionals in white coats, but also compassionate helpers who bring hope, healing and reassurance.

SHOOTING BALL

July 4'th

Ekatva International School proudly hosted the District Level Shooting Ball selection trials, bringing together talented young players for an exciting display of skill, teamwork and sportsmanship. It was a moment of immense pride as our students performed exceptionally well and earned selection for the State level. Their achievement reflects their dedication, discipline and consistent practice. Hosting the trials on our own campus made the occasion even more special, allowing the school community to witness and celebrate their success. They even won a Silver medal at the 9th Andhra Pradesh inter district Shootingball championship which was held at KADAPA district, Pulivendula on 11th , 12th July 2026.

TAEKWONDO

Tirupathi, 5th AP taekwondo championsip

Taekwondo Triumph at Tirupati

Students of Ekatva International School delivered an impressive performance at the 5th Inter-District Taekwondo Championship held in Tirupati at the end of April. Competing with focus, courage and discipline, they secured Gold and Silver medals and brought honour to the school. Their success at the championship has also earned them a place in the upcoming National Taekwondo Championship to be held in Chennai. The achievement reflects their consistent practice, determination and strong sporting spirit. The entire Ekatva community congratulates the young champions, their coaches and their families. As they prepare for the national stage, we wish them continued confidence, strength and success.

STUDENT WORK

My School

Education plays a very important role in everyone's life. The school is a temple of learning corner. Ekalva school is a platform where not just only learning but also showcasing different talents. The main aim of my school is not only to teach subjects but also to shape the character of each and every student in correct way, of discipline, development of skills and dedication. The school is committed to provide quality of education along with strong moral values and excellence.

Ekalva International school believes that true education goes beyond textbooks. The school creates an atmosphere where learning becomes enjoyable and meaningful with modern classrooms, activity-based learning and students are encouraged to think creatively and express their thoughts confidently. My school is also providing co-curricular activities such as swimming, skating, fencing, volley ball, basketball and many more. Our school students achieved medals in national level and got selected for international level just in two years by the vision of management, hardwork of teachers and the commitment of the students. My school tries to bring each and every student's hidden talents out by conducting different events. My school conducts inter-house competition to develop their skills in so many ways like spell bee, Trial by Trivia, Board decoration, Masterchef, Quiz, Tree decoration, Carol singing, Rangoli Competition etc. Our school celebrates each and every festival beautifully. My school started in the year 2024 and the management overcame many obstacles and the school became the best school in this locality. By the hardwork of chairman Ramesh babu sir, Director Manoj sir, Academic Director Sindhuva mam and Principal Aishwarya mam we have got affiliation to CBSE till Grade-12th. Each and every classroom in our school has advanced technology with panels.

STUDENT WORK

We also have computer lab, biology lab, physical lab and composite lab. Our school strongly believes that the education is not about regurgitating the points but it's about learning, creating something new and asking questions. Our school not only provides education but also teaches moral values and ethics. Generally different students have different routes, our school teachers will cater to each and every student ways and make them successful in their life. If a student joined in our school in primary section till they reach to higher section our teachers and management promise that they will make them as an excellent and perfect students in academics, sports and cultural events as well. And to bring out the leadership qualities of students the school hosted elections on various roles like captains of different houses, sports and cultural captain, head boy and girl. These students who were elected have done a very well job in the programmes like Aardrat 2026, Graduation day, Annual day etc. They are also working hard to make the school proud. A new class called Kavadhi path was introduced to primary classes for the spoken English. The special classes are taken for the bloomers for the improvement of reading during the summer camp.

My school is a place where students learn, grow, and achieve their dreams. It provides quality education, strong moral values, and many opportunities to develop talents. I feel proud to be a student of Ekater International School, and I am thankful to my teachers and management for shaping my bright future.
